

120kW Warsaw Mobile Energy Storage Container for Bridges

Overview

Will Warsaw benefit from the construction of ten electricity storage facilities?

Warsaw is going to benefit from the construction of ten electricity storage facilities, thanks to a funding boost of over PLN 12 million from the National Fund for Environmental Protection and Water Management (NFOŚiGW).

How much PLN is available for energy storage in Poland?

PLN 4 billion available. On 23 July 2024, the National Fund for Environmental Protection and Water Management put under public consultation a new priority aid scheme entitled: “Energy storage facilities and related infrastructure for improving the stability of the Polish electricity grid”.

Can Poland co-finance electricity storage facilities?

Poland's National Fund for Environmental Protection and Water Management (NFOŚiGW) has opened a call for applications to co-finance electricity storage facilities, with funding from the Modernisation Fund. The programme has a total budget of \$1.02 billion and aims to improve grid stability and renewable energy use.

What is Poland's energy storage subsidy?

Learn about Poland's €1 billion energy storage subsidy aimed at installing 5.4 GWh of BESS by 2028, strengthening grid stability and accelerating the green transition.
