

# Algeria solar bifacial modules

## Overview

---

What is a bifacial solar module?

Bifacial modules produce solar power from both sides of the panel. Whereas traditional opaque-backsheeted panels are monofacial, bifacial modules expose both the front and backside of the solar cells.

Are bifacial modules the future of solar PV?

Bifacial modules have been around since the 1960's, yet it has been the development of PERC (passivated emitter rear cell) technology that has significantly increased their efficiencies and created the potential for them to be a disruptive player in the solar PV market.

What is Algeria's 2,000 MW solar plan?

The 2,000MW plan is a photovoltaic power plant construction plan proposed by Sonelgaz, Algeria's state-owned power utility. The plan is to build 15 solar power plants in the country's 12 provinces, each with a capacity ranging from 80 to 220 MW. Most of the solar projects in this plan are constructed by Chinese companies.

What does the Biskra 300MW solar power plant mean for Algeria?

The launch of the Biskra 300MW Solar Power Plant—the nation's largest photovoltaic (PV) project to date—marks a major step forward in Algeria's renewable energy ambitions.

### 1GW Astronergy Modules to Boost Solar Utilisation in Algeria

Sep 10, 2024 · China International Water & Electric Corp. (CWE) and the Power Construction Corporation of China (POWERCHINA) will ship one gigawatt (GW) of Astronergy n-type ...

### LONGi to supply Hi-MO 7 modules for landmark project in Algeria

Jun 22, 2025 · Our Hi-MO 7 modules offer superior bifacial energy gains and degradation rates - critical for maximizing ROI in large-scale installations.

### [Algeria Solar Project: The Landmark 300MW ...](#)

Jun 23, 2025 · Discover the landmark Biskra 300MW solar power plant, a key milestone in Algeria's solar power project. Learn about its impact on the ...

### [Guide to Bifacial Solar Module Production in Algeria](#)

Oct 20, 2025 · Explore the investment opportunity in Algeria's solar market. Learn why standard modules fail and how bifacial solar production offers superior ROI.

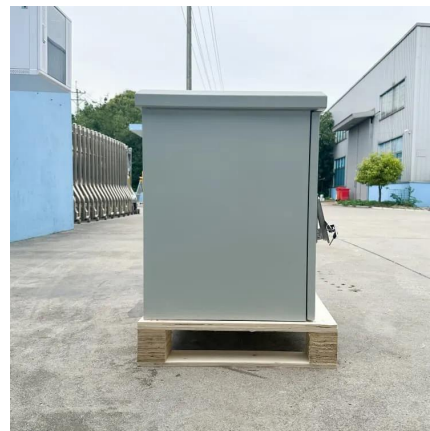

### [Algeria: Bidding for 1GW Renewable Energy Projects to ...](#)

Jun 17, 2021 · Chems Eddine Chitour, Algeria's Minister of Energy Transition and Renewable Energy, announced this week that a bid for 1GW of renewable energy capacity will soon be ...

### **LONGi Supplies Hi-MO 7 Modules for Landmark 362MW Solar Project in Algeria**

Jun 20, 2025 · Our Hi-MO 7 modules offer superior bifacial energy gains and degradation rates - critical for maximizing ROI in large-scale installations. Together with Özgün Insaat, we're ...

### **LONGi Supplies Hi-MO 7 Modules for Landmark 362MW Solar Project in Algeria**

Jun 19, 2025 · Our Hi-MO 7 modules offer superior bifacial energy gains and degradation rates - critical for maximizing ROI in large-scale installations. Together with Özgün Insaat, we're ...

## Astronergy to Power Algeria's Solar Expansion with 1GW Solar Modules

Sep 24, 2025 · These modules will power six key solar projects in Algeria as part of the country's ambitious 2,000 MW solar plan. The projects include significant plants such as the 220MW ...

## [Algeria Solar Project: The Landmark 300MW Biskra Plant](#)

Jun 23, 2025 · Discover the landmark Biskra 300MW solar power plant, a key milestone in Algeria's solar power project. Learn about its impact on the economy, environment, and ...

## [Astronergy to Power Algeria's Solar ...](#)

Sep 24, 2025 · These modules will power six key solar projects in Algeria as part of the country's ambitious 2,000 MW solar plan. The projects include ...

## [LONGi to supply Hi-MO 7 modules for ...](#)

Jun 22, 2025 · Our Hi-MO 7 modules offer superior bifacial energy gains and degradation rates - critical for maximizing ROI in large-scale installations.

## Load Factor of Electrical Energy Production of Monofacial and Bifacial

Jun 16, 2024 · In this work, we have evaluated the electrical energy production of 10 MW P photovoltaic system installed in the desert of Algeria between the two technology of ...

### [Algeria to Receive 1GW Solar Modules from Astronergy](#)

Sep 6, 2024 · Share This Article Algeria has secured a 1GW solar panel supply deal with Astronergy to support the construction of its 2,000MW solar power plant project. Launched by ...
