

Bissau Mobile Energy Storage Container 1MW

Overview

What is a containerised energy storage system (BESS)?

They can be configured to match the required power and capacity requirements of client's application. Our containerised energy storage system (BESS) is the perfect solution for large-scale energy storage projects. The energy storage containers can be used in the integration of various storage technologies and for different purposes.

What is Sunway ESS battery energy storage system (BESS)?

Sunway Ess battery energy storage system (BESS) containers are based on a modular design. They can be configured to match the required power and capacity requirements of client's application. Our containerised energy storage system (BESS) is the perfect solution for large-scale energy storage projects.

What is a Megatrons 1MW battery energy storage system?

MEGATRONS 1MW Battery Energy Storage System is the ideal fit for AC coupled grid and commercial applications. Utilizing Tier 1 280Ah LFP battery cells, each BESS is designed for a install friendly plug-and-play commissioning. Each system is constructed in a environmentally controlled container including fire suppression.

What is a Bess 1MW system?

The 1MW BESS systems utilize a 280Ah LFP cell and air cooling system which offers a better price to power ratio. Each BESS is on-grid ready making it an ideal solution for AC coupled commercial/industrial customers.
