

China high tension switchgear in Chicago

Overview

Who is the best electrical switchgear manufacturer in China?

Currently, Liyond is a well-known electrical switchgear manufacturer in China. It is popular for developing and distributing budget-friendly and quality switchgear and its related solutions. You can book an appointment here to get in touch with them.

What is High Tension Switchgear?

High Tension Switchgear (HT) is a type of switchgear designed for rated voltages of 12kv and 33kv, with current ranges from 400A to 3200A. These units are powder coated and designed to withstand rated voltages, as well as over voltages caused by lightning and breaker operation transients.

What is air insulated switchgear?

Air insulated switchgear (AIS) is an auxiliary distribution unit used to disperse the electrical energy of the main transmission unit fed by a large distribution transformer. adopts the air as the insulation media designed voltage ranging from 11KV to 36KV medium voltage power distribution system.

What is a switchgear used for?

It includes in one unit two switches that can connect the load to either or both main conductors, and a fusible switch or circuit breaker and switch that feed a distribution transformer. This type of switchgear is used for medium-voltage power distribution, from 7.2kV to about 36kV volts.
