

Construction site container wholesale in Western Europe

Overview

What are ELA building site containers?

ELA building site containers can be used for a variety of applications, making them the ideal all-rounders for your construction site. Be it an accommodation, sleeping, office or changing room container, ELA building site containers are modern rooms with a feel-good factor.

Who invented the building site container?

The company's founder Bernhard Albers is considered the 'inventor' of the building site container. His passion for construction sites is deeply rooted at ELA Container and ELA building site containers have been impressing customers for decades.

How can Ela container help your construction site?

Be it short, medium or long term, renting or buying, individual containers or container systems. ELA Container can deliver the necessary building site containers straight to your construction site at short notice with its own vehicle fleet, including assembly and handover only when they are ready for use.
