

# **Croatia Thermal Energy Storage Project**

## Overview

---

Is Croatia ready for solar energy storage?

“There is immense scope for energy storage in Croatia, predominantly for battery storage.” GlobalData says that Croatia is now on target to meet its 36.4% renewable energy target by 2030. However, its recent investment in energy storage has not been accompanied by rapid solar PV development.

Will Croatia build Europe's largest energy storage project?

Croatia is preparing to build Eastern Europe’s largest energy storage project. IE Energy has secured €19.8 million (\$20.9 million) to develop a 50 MW storage system, potentially extendable to 110 MW by 2024.

How to track thermal energy storage projects in Europe?

With the Interactive Thermal Energy Storage Map some projects with thermal energy storage in Europe can be tracked. There are several factors to consider when analyzing the market opportunities of the Thermal Energy Storage. Some of them are the maturity of the technologies, its costs, and the application fields and region.

Is there a storage facility in southeastern Europe?

There is no storage facility in southeastern Europe yet with such a capacity,” Attaurrahman Ojindaram Saibasan, a power analyst at GlobalData, told pv magazine. “There is immense scope for energy storage in Croatia, predominantly for battery storage.” GlobalData says that Croatia is now on target to meet its 36.4% renewable energy target by 2030.

## Croatia Thermal Energy Storage Project

---

### [Electric grid energy storage Croatia](#)

Croatia got the green light from Brussels for a EUR 19.8 million grant to IE-Energy for a massive energy storage project. Will ie-energy be the biggest energy storage project in southeastern ...

### **Croatia Power Company Energy Storage Project A Blueprint ...**

As Croatia accelerates its renewable energy adoption, the Croatia Power Company Energy Storage Project emerges as a critical solution to balance supply fluctuations. With solar and ...

### [Croatia to invest EUR 50 million in ...](#)

Feb 26, 2025 · The completion of the project is planned for June next year. By then the geothermal energy potential for each city would be ...
