

Czech Brno Power Storage Installation Engineering Company

Overview

What is CNTE's C&I energy storage project?

1MW/1MWh Project Highlight CNTE's C&I energy storage initiative has been successfully deployed in Brno, Czech Republic, facilitating a green transformation for the local industrial park.

Why is Hitachi energy investing 1.1 billion CZK in Brno?

Hitachi Energy is investing over 1.1 billion CZK (approximately \$47 million USD) to expand its High Voltage Products factory in Brno, Czech Republic, marking a significant step in the company's global strategy to support the clean energy transition.

Who is gas storage CZ?

Gas Storage CZ specializes in underground gas storage solutions, operating six facilities with a total working volume of 2.7 billion cubic meters. The company's focus on improving storage quality and quantity aligns with the growing importance of energy storage in the industry.

Why is Hitachi launching a switchgear factory in Brno?

“ As the global high-voltage switchgear market is expected to grow by 140 percent, reaching \$60 billion by 2050, the Brno facility is central to Hitachi Energy's strategy to help integrated renewables and improve grid reliability. For employees at the Brno factory, the announcement of the modernization and expansion is cause for excitement.
