

Damascus solar Energy Storage Power Supply Purchase

Overview

What role does energy play in Syria's Recovery?

“Given the critical role of energy in Syria’s recovery, we have to rapidly address energy poverty and progressively accelerate the access to renewable energy,” Sudipto Mukerjee, UNDP’s resident representative in Syria, said in a statement announcing the plan. Sanctions crippled the power grid.

How many megawatts does Syria need?

Al-Bashir said Syria's infrastructure that has been repaired can provide 5,000 megawatts, about half the country's needs, but fuel and gas shortages have hampered generation. With the sanctions lifted, that supply could come in soon.

Why did al-Jenan buy a solar panel?

Al-Jenan went thousands of dollars in debt to buy his solar panel in 2019. It was an expensive coping mechanism at the time, but without it, he couldn't charge his phone and run the refrigerator.
