

# **Doha Solar Folding Container 120ft**

## Overview

---

What is HJ mobile solar container?

The HJ Mobile Solar Container comprises a wide range of portable containerized solar power systems with highly efficient folding solar modules, advanced lithium battery storage, and smart energy management.

What is Huijue's folding solar PV container?

Huijue Group newly launched a folding photovoltaic container, the latest containerized solar power product, with dozens of folding solar panels, aimed at solar power generation, with a capacity for mobility to provide green energy all over the world. The Solar PV container is a mobile, plug-and-play solar energy solution.

What is a folding solar photovoltaic container?

The folding solar photovoltaic container developed by the Huijue Group represents a pioneering, flexible, and effective solution in energy provision. Besides meeting the demand of energy in different scenarios, this container will enable optimized utilization of resources by introducing module design and a powerful electricity generation system.

How many homes can a solarfold Container Supply?

The on-grid version of the solarfold container is connected directly to the public power grid and can supply up to 40 single-family homes with the energy produced (energy requirement of 3,500 kW/year/single-family house). The solarfold on-grid container can also be expanded with various storage solutions.
