

# **Egypt solar energy storage integrated machine**

## Overview

---

The 300-MWh Abydos BESS project, which is aligned with a 500-MW solar power facility, makes the site near Aswan in southern Egypt home to the country's first utility-scale integrated solar-plus-storage installation. How does solar power work in Egypt?

It takes Egypt's green energy transition to another level by harnessing the power of the sun, not just during the day but also at night, thanks to the combination of solar and battery storage. The project addresses the growing demand for electricity and reduces the need to import expensive fossil fuels.

Could battery storage be a game-changer for Egypt's energy sector?

The integration of battery storage with solar PV is a game-changer for Egypt's energy sector, providing reliable and dispatchable renewable energy and reducing reliance on fossil fuels. It not only meets Egypt's current energy needs but also sets a precedent for future dispatchable hybrid renewable energy projects in the region."

How many MW solar & battery storage will be built in 2026?

The project will be constructed in two phases. The first phase of 561 MW solar + 100 MW/200 MWh battery storage is targeted to reach commercial operational date (COD) in the first half of 2026 and the second phase of 564 MW solar in the second half of 2026.

What is Scatec's new integrated power plant?

The integrated power plant will be developed by Scatec, a leading renewable energy solutions provider, and built in two phases. The first phase, with 561 MW of solar and 100 MW/200 MWh of battery storage, aims to start operations in the first half of 2026. The second phase, with 564 MW of solar, aims to start operations in the second half of 2026.

### [BII, AfDB, EBRD to provide \\$479.1m for Egypt ...](#)

Jun 16, 2025 · It takes Egypt's green energy transition to another level by harnessing the power of the sun, not just during the day but also at night, ...

### [EBRD, AFDB and BII support pioneering solar ...](#)

Jun 15, 2025 · Egypt's first integrated solar and battery storage plant will deliver dispatchable clean energy, enhance grid stability and manage ...

### [Scatec starts construction of large scale solar ...](#)

Oslo/Cairo, 05 May 2025: Scatec ASA has commenced construction of its 1.1 GW Obelisk solar and 100 MW/200 MWh battery storage project in Egypt. ...

### [PV & Battery Energy Storage Integrated Machine](#)

Lithium battery integrated machine, integrated lithium battery and photovoltaic inverter controller integrated machine, can realize photovoltaic and mains power supply mode, battery or bypass ...

### **AMEA Power selects partners for 300 MWh BESS project in Egypt**

Jan 23, 2025 · Dubai-based AMEA Power is developing a 300 MWh BESS alongside its operating 500 MW Abydos PV power plant in Kom Ombo, Aswan Governorate. When first unveiled in ...

### **Scatec starts construction of large scale solar and battery storage**

Oslo/Cairo, 05 May 2025: Scatec ASA has commenced construction of its 1.1 GW Obelisk solar and 100 MW/200 MWh battery storage project in Egypt. The energy will be sold under a USD ...

### **Optimal design of stand-alone hybrid PV/wind/biomass/battery energy**

Dec 1, 2021 · In recent years, Egypt is striving to create and develop different projects for increasing the share of RES in the total capacity of the power system. Solar, turbine (WT), and ...

[Trina Storage delivers 300MWh battery ...](#)

Aug 12, 2025 · The integrated solar-plus-storage facility aims to enhance grid stability by enabling solar power use after sunset . Trina Storage delivers ...

[UK's BII backs Egypt's first solar-plus-storage project](#)

5 days ago · In Egypt, that means expanding our work beyond standalone generation to integrated solutions combining solar, storage, and grid upgrades, ensuring clean energy ...

**EBRD, AFDB and BII support pioneering solar and battery storage ...**

Jun 15, 2025 · Egypt's first integrated solar and battery storage plant will deliver dispatchable clean energy, enhance grid stability and manage peak demand Part of the loan will benefit ...

**Egypt's Renewable Energy Buildout Continues as First Utility ...**

Oct 1, 2025 · 1. The 300-MWh Abydos BESS project, which is aligned with a 500-MW solar power facility, makes the site near Aswan in southern Egypt home to the country's first utility-scale ...

### [AMEA Power Successfully Commissions ...](#)

Jul 15, 2025 · This integrated solar-plus-storage development aligns with Egypt's 2035 Integrated Sustainable Energy Strategy and reflects AMEA ...

### [150MW/300MWh! Egypt's Largest Standalone Energy Storage ...](#)

Jul 7, 2025 · The project is located in the Kom Ombo area of Aswan, Egypt, and was built as an expansion of an existing 500 MW PV power plant. The energy storage station has a capacity ...

### [Egypt's Renewable Energy Buildout Continues ...](#)

Oct 1, 2025 · 1. The 300-MWh Abydos BESS project, which is aligned with a 500-MW solar power facility, makes the site near Aswan in southern ...
