

# Energy storage project big epc

## Overview

---

What is a large EPC project?

Such projects are usually delivered through water fall management approach. Large EPC projects have more elaborate models with multiple stage gates and bid phases, but the commonality is the sequential nature, with user input happening primarily in the planning and or design phase.

Who is hyperstrong EPC contractor?

For this project, HyperStrong will serve as the EPC contractor, delivering a turnkey, full-station energy storage solution that covers engineering design, equipment supply, system integration, commissioning, grid connection, and long-term operation support.

What is a Leag Clean Power & hyperstrong partnership?

“This partnership brings together complementary strengths – the energy expertise of LEAG Clean Power and HyperStrong’s approach to ensure high technical availability and efficiency,” said Thomas Brandenburg, CEO of LEAG Clean Power GmbH.
