

# Expandable Foldable Containers for Ports

## Overview

---

Staxxon designs foldable intermodal shipping containers, a solution designed to tackle 'empty running', whereby empty containers clog ports and hurt supply

What is a foldainer expandable container?

Aiga Concept's Foldainer expandable containers represent a revolutionary advance in the modularity and efficiency of mobile structures. These innovative containers are designed to offer exceptional flexibility, with the ability to extend and retract according to the specific needs of each project.

What is a foldable container?

Such foldable containers are compatible with the normal ISO-approved TEU or FEU and are strong enough to be placed anywhere on a shipboard stack. Any number of containers from 2 to 5, can be folded and stacked in such a way to form a regular container size for transport or storage.

What is seafold HC 40?

Florida-based Compact Container Systems (CCS) has launched the SeaFold HC 40' container, a five-in-one, foldable shipping container, which can condense to a fifth of its original size, improving storage and transportation efficiency.

What is the best expandable container?

Aiga Concept's Foldainer also stands out as the only expandable container on the market with a unique feature when closed for transport. Unlike competing structures, the Foldainer's side panels are made of corrugated container steel, rather than lightweight sandwich panel structures.
