

Export share of energy storage sites in Sao Paulo Brazil

Overview

Are energy storage products coming to Brazil?

Holu's Costa observed batteries were prominent during the Intersolar South America trade show held in São Paulo at the end of August 2024. She added, hundreds of manufacturers are bringing energy storage products to Brazil.

Should Brazil invest in energy storage?

Brazil's energy storage sector must attract R47 billion (\$7 billion) in investments by 2030, according to the Brazilian Energy Storage Solutions Association (Absae). Stakeholders are in the process of creating a regulatory framework for energy storage.

What is the panorama of storage in Brazil?

The launch of the Panorama of Storage in Brazil marked a breakthrough in technical discussions and symbolized the beginning of a new era for the Brazilian electricity sector. With its eyes on the regulatory framework, the storage market has the potential to be one of the great drivers of the national energy transition.

Will Brazil's lithium battery market grow in 2030?

Sophia Costa, head of new business at Holu Solar said market analysts expect Brazil's lithium battery sector to grow at a CAGR of 20% to 30% through 2030. "We have observed that the battery energy storage system (BESS) market is booming globally with the use of lithium-ion batteries becoming a reality in many parts of the world," said Costa.
