

Factory price 225 amp breaker in Saudi-Arabia

Overview

How to choose a circuit breaker in Saudi Arabia?

Our circuit breakers comply with relevant electrical safety standards in Saudi Arabia. Selecting the appropriate circuit breaker depends on the specific application and electrical load. Our team of electrical specialists can assist you in choosing the right MCBs, MCCBs, RCCBs, and Isolators for your project needs.

What types of circuit breakers do Awal offer?

AWAL offers a comprehensive range of circuit breakers to ensure the safety and reliability of your electrical systems. We provide Miniature Circuit Breakers (MCBs), Molded Case Circuit Breakers (MCCBs), Residual Current Circuit Breakers (RCCBs), and Isolators, each catering to specific needs within your electrical infrastructure.

What are circuit breakers?

Circuit breakers are essential safety devices that automatically interrupt the flow of electricity in case of overload or short circuit, preventing damage to equipment and potential fire hazards. Here's a breakdown of the different types we offer: Ideal for protecting individual circuits in residential and commercial buildings.

What is a high current air circuit breaker?

High current air circuit breakers up to 4000 A EasyPact MVS is a range of LV power circuit breakers and switch-disconnectors designed to optimize cost and contribute to the safety and reliable performance of your electrical distribution network. The solution covers ratings from 800 to 4000 A in one single frame size.
