

Factory price acme switchgear in Belgium

Overview

What is Acme switch gear?

Acme Switch Gear manufactures a wide range of switchgear, including low-voltage, medium-voltage, and high-voltage switchgear. Our products cater to various industrial and commercial applications, ensuring safety and reliability in electrical distribution systems. What industries does Acme Switch Gear serve?

.

Who is SGC – switchgear company?

SGC is an independent manufacturer of medium voltage switchgear solutions worldwide. We have more than 45 years worth of experience in the development and production of medium voltage cubicles from 1 kV to 24 kV, for both indoor and outdoor applications. SGC – SwitchGear Company provides reliable products for electrical distribution applications.

Where are switchgears made?

Each and every switchgear is built in this single factory in Belgium and our engineers are literally just one foot away from the production floor. Supervisors and managers are out on the floor. When a change needs to happen, they can be on the assembly line instantly implementing those changes.

Why is the low voltage switchgear market growing?

Market growth is highly likely due to a constant increase in industrial activity and changing human lifestyles that requires more and more electricity. The rapid recovery of the manufacturing sector has resulted in greater demand from manufacturing focused countries, which will trigger greater demand for low voltage switchgear.
