

# Heavy industry energy storage vehicle franchise

## Overview

---

How many megapacks will Shanghai megafactory supply?

The newly opened Shanghai Megafactory is expected to supply Megapacks for the new energy storage station. The factory has a targeted annual capacity of 10,000 Megapack units, equal to 40 GWh of storage. Are you buying a Tesla?

.

Why is Tesla building a large-scale energy storage facility in China?

Their growing use helps stabilize power grids, prevent outages, and reduce reliance on fossil fuels. This project is Tesla's first large-scale energy storage installation in China, complementing its existing automotive manufacturing presence in the city through Giga Shanghai.

How much energy does a Megapack store?

Each Megapack unit can store over 3.9 megawatt-hours of energy, meeting the one-hour power needs of 3,600 households. Moreover, a cluster of 200 Megapack units can store 1 million kilowatt-hours, enough to power San Francisco for six hours.
