

# **Helsinki Mobile Energy Storage Container Two-Way Charging**

## Overview

---

Is this Finland's largest battery energy storage system?

Swedish flexible assets developer and optimizer Ingrid Capacity has joined hands with SEB Nordic Energy's portfolio company Locus Energy to develop what is claimed to be Finland's largest and one of the Nordics' largest battery energy storage systems (BESS). The 70 MW/140 MWh BESS project will be located in Nivala, northern Finland.

Which energy storage technologies are being commissioned in Finland?

Currently, utility-scale energy storage technologies that have been commissioned in Finland are limited to BESS (lithium-ion batteries) and TES, mainly TTES and Cavern Thermal Energy Storages (CTES) connected to DH systems.

What is the storage capacity of water tank thermal energy storage in Finland?

Water TTESs found in Finland are listed in Table 7. The total storage capacity of the TTES in operation is about 11.4 GWh, and the storage capacity of the TTES under planning is about 4.2 GWh. Table 7. Water tank thermal energy storages in Finland. The Pori TTES will be used for both heat and cold storage.

What is the future of energy storage in Finland?

Reserve markets are currently driving the demand for energy storage systems. Legislative changes have improved prospects for some energy storages. Mainly battery storage and thermal energy storages have been deployed so far. The share of renewable energy sources is growing rapidly in Finland.

## Helsinki Mobile Energy Storage Container Two-Way Charging

---

### [Public bidirectional EV charging point ...](#)

5 days ago · A public bidirectional electric vehicle charging point is being installed in Helsinki, Finland. The vehicle-to-grid (V2G) charging point ...

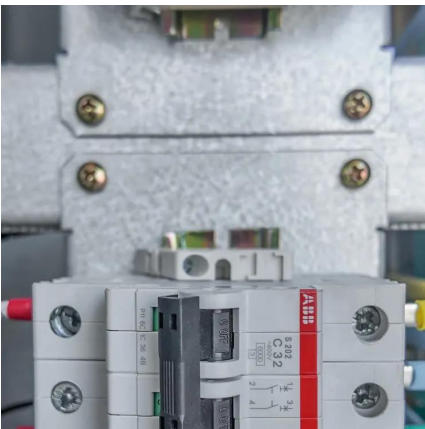

### [Finland to host 240 MWh of new BESS projects](#)

Mar 11, 2025 · Finland to host 240 MWh of new BESS projects Two of the Nordic country's biggest battery energy storage projects have been announced just days apart.

### [One of Finland's largest electricity storage systems ...](#)

Dec 2, 2025 · The lithium-ion-based storage system consists of 36 large container-sized battery modules connected to the national grid near Fingrid Oyj's transmission network. The facility ...

### [Public bidirectional EV charging point installed to Finland](#)

5 days ago · A public bidirectional electric vehicle charging point is being installed in Helsinki, Finland. The vehicle-to-grid (V2G) charging point complements an existing solar power plant ...

### **A review of the current status of energy storage in Finland ...**

Jul 15, 2024 · The review shows that in recent years, there has been a notable increase in the deployment of energy storage solutions. There has especially been growth in utility-scale ...

### [Finland's Largest Battery Storage Begins Construction](#)

Mar 5, 2025 · Finland's authorization of its largest battery-storage project marks a pivotal point in the renewable energy landscape. As energy stakeholders anticipate the completion of the ...

### [FINLAND CONTAINER ENERGY STORAGE SUPPLY](#)

BESS Container. Battery Energy Storage Systems (BESS) are larger-scale energy storage solutions. They consist of interconnected battery modules, power conversion equipment, and ...

[Finland's Largest Battery Storage Begins ...](#)

Mar 5, 2025 · Finland's authorization of its largest battery-storage project marks a pivotal point in the renewable energy landscape. As energy ...

[FIRST TWO WAY CHARGING POINT IN FINLAND TO BE](#)

Finland Solar Energy Storage Charging Station  
The vehicle-to-grid (V2G) charging point complements an existing solar power plant and a stationary energy storage, and enables ...

**Hot Heart of Helsinki: A Groundbreaking Case Study in Renewable Energy**

Jan 6, 2025 · Helsinki, the capital city of Finland, is rapidly emerging as a global leader in sustainable energy innovation. One of its most ambitious projects, Hot Heart, is reshaping the ...

[Finland experiences battery boom with new storage ...](#)

In Finland, three-meter-tall containers have appeared quietly in forests, fields, and along highways, looking unassuming but packed with technology. These containers serve as battery ...

## Neoen launches construction of Yliskälä Power Reserve Two in Finland

Dec 27, 2023 · Neoen (ISIN: FR0011675362, Ticker: NEOEN), one of the world's leading producers of exclusively renewable energy, has provided notice to proceed to battery storage ...
