

High quality power switchgear in Canberra

Overview

What is electrical switchgear?

Our electric switchgear power systems deliver dependable, high-performance power distribution. Electrical switchgear is key for any power system, offering protection, isolation and control. At Aggreko, we provide an exhaustive switchgear range to suit everything from the smallest projects to large-scale industrial control rooms.

What type of switchgear does Aggreko offer?

At Aggreko, we provide an exhaustive switchgear range to suit everything from the smallest projects to large-scale industrial control rooms. Working closely with you, we'll recommend the right switchgear solutions for your electrical distribution system - whether that's low voltage, high voltage or anywhere in between.

Where are our switchgears made?

Our growing capability encompasses an extensive range of switchgear for substations, overhead distribution and underground cables. Our core range is locally manufactured at one of our three Australian facilities. This range is augmented by our single-source partner Sieyuan Electric in China to provide additional voltages and technical solutions.

Does Bovara sell switchgear?

The company is an electricity distributor in Queensland, indicating their involvement in the electrical infrastructure that may include switchgear. Bovara is a prominent manufacturer of electrical equipment in Australia, offering a wide range of products including Load Break Switches.
