

How much is the subsidy for the Moldova energy storage project

Overview

How does the EU support Moldova's energy system?

So far, the EU has already provided €240 million in direct budget support to Moldova's energy system from 2021 to 2024 to help the most vulnerable people. In the 2023-2024 heating season, more than 750 000 households have benefited from compensation through the EU-supported Energy Vulnerability Reduction Fund (EVRF).

Does Moldova have energy security?

Despite acceptable energy security levels in Moldova in 2019, the country faces exposure to gas supply shock risks due to its reliance on Russia for all of its gas via Ukraine. Two major supply disruptions occurred in 2006 and 2009 due to disputes between the two countries.

Does Moldova have a new energy policy?

Moldova has committed to implement reforms embedded within the European Union's Third Energy Package, a suite of legislation adopted in 2009 aimed at creating integrated and competitive energy markets for natural gas and electricity.

What are Moldova's energy reforms?

Among other priorities, the instalment focused on energy sector reforms. Since 2022, Moldova's power system has been connected to the European continental electricity network. On 1 December 2024, the export capacity from the EU to Ukraine and Moldova was increased from 1.7 to 2.1 GW, including 315 MW for Moldova.
