

Iraq New Energy solar Site

Overview

Does Iraq have a solar power plant?

The contracts also cover a water intake project for injection into oil reservoirs. The solar power plant will be Iraq's first utility-scale solar power project. While the country has several other solar plans in the pipeline, the TotalEnergies project is the first to proceed to the implementation phase.

Will Iraq's solar farm pave the way for future solar projects?

The success of the TotalEnergies solar farm could pave the way for future solar and wind projects across the country. The TotalEnergies 1 GW solar project in Iraq is more than a milestone for renewable energy — it's a clear signal of Iraq's commitment to sustainable development and energy security.

Will totalenergies build a solar power plant in Iraq?

French energy major TotalEnergies will build a 1-gigawatt solar power plant in Iraq as part of a cluster of contracts it was awarded in 2021 for an integrated project that entails a total investment of \$27 billion over 30 years.

Will Iraq's first solar farm become a reality?

TotalEnergies has officially launched construction on Iraq's first utility-scale solar farm — the TotalEnergies 1 GW solar project in Iraq — marking a major step forward in the nation's renewable energy ambitions. Located in the southern oil hub of Basra, the first phase of this large-scale project will soon become a reality.

Iraq New Energy solar Site

[Iraq's first solar power plant moves forward](#)

May 6, 2024 · The solar power plant will be Iraq's first utility-scale solar power project. While the country has several other solar plans in the ...

Iraq imports 126,000 solar panels for 'Sun of Basra' project

Apr 25, 2025 · Site developed by TotalEnergies Project part of \$27bn contract Power for 250,000 homes Iraq has imported more than 126,000 solar panels for its largest solar power park being ...

Iraq Invests in Solar Energy - New Projects to Reduce Power ...

Jan 28, 2025 · Intensive work is underway in Iraq on solar energy projects with a total capacity of 1.75 GW. According to Iraqi Minister of Electricity, Ziad Ali Fadhil, the projects are already 40% ...

[Iraq launches new solar power project](#)

Aug 8, 2025 · The new plant will generate 300 megawatts (MW) and involves the installation of half a million solar panels. The project is located in the ...

[Iraq Expands Renewable Energy with Solar ...](#)

Mar 10, 2025 · Construction is scheduled to take place in stages, with completion expected between 2025 and 2027. Iraq plans to add 12 ...

[Iraq launches new solar power project](#)

Aug 8, 2025 · The new plant will generate 300 megawatts (MW) and involves the installation of half a million solar panels. The project is located in the central Karbala governorate and is ...
