

Ivory Coast 5G base station electricity price policy

Overview

How much does electricity cost in Ivory Coast?

Ivory Coast, September 2022: The price of electricity is 0.122 U.S. Dollar per kWh for households and 0.207 U.S. Dollar for businesses which includes all components of the electricity bill such as the cost of power, distribution and taxes.

Why is Ivory Coast investing 2021-2025 in energy infrastructure?

This comes as the Ivorian government prioritizes infrastructure development to maintain the country's high rate of economic growth. In 2021, Ivory Coast launched its National Development Plan 2021-2025, which calls for an investment of \$20 billion towards energy infrastructure.

When will Ivory Coast & Cie become regulated in Africa?

On 1 January 2021, the 12-year agreement signed last October between the Government of Ivory Coast and the country's integrated electricity utility CIE (Compagnie Ivoirienne d'Electricité) became operational, establishing one of the first incentive-based regulatory regimes in Africa.

Will Ivory Coast build a solar power plant in Tchologo?

Ivory Coast aims to increase its installed power capacity to 3.5 GW by 2025 and 8.6 GW by 2040. As part of this strategy, the country's Ministry of Mines, Petroleum and Energy signed a memorandum of understanding (MoU) with renewable energy company Kong Solaire earlier this month to construct a 50 MW solar power plant in the Tchologo region.
