

Jamaica Energy Storage and Charging Stations

Overview

How can battery energy storage help Jamaica?

Battery energy storage systems (BESS) are now emerging as a cornerstone technology to address these challenges—helping Jamaica stabilize its grid, unlock more renewable energy, and reduce electricity costs for both consumers and businesses. The country's electricity cost can reach as high as \$0.32 per kilowatt-hour, far above global averages.

Why is energy storage important in Jamaica?

Jamaica is committed to reducing its dependence on imported fossil fuels. The country's National Energy Policy sets an ambitious target: 50% of electricity from renewable sources by 2037. Energy storage plays a critical role in achieving this target. Key policy support includes:

Will JPS build a solar power plant in Jamaica?

Power utility Jamaica Public Service Company, JPS, is investing US\$300 million to construct Jamaica's largest solar power plant and a battery storage facility, starting this month. The renewable energy facility will replace JPS's aged Hunts Bay.

Why should a company invest in battery storage in Jamaica?

By integrating battery storage with rooftop solar systems or hybrid microgrids, Jamaican companies can maximize renewable use while gaining financial savings and branding advantages. Beyond the city centers, many Jamaican communities live in remote or coastal areas with limited access to stable electricity.

Jamaica Energy Storage and Charging Stations

[Jamaica's Future with Battery Energy Storage](#)

Explore how battery energy storage systems are transforming Jamaica's power sector--cutting energy costs, reducing outages, and enabling ...

[JPS promises more EV charging stations in ...](#)

Feb 4, 2025 · The Jamaica Public Service (JPS) is promising more electric vehicle (EV) charging stations in the country this year. JPS' Business ...

[GSL Energy Empowers Jamaica with 40kWh Floor-Mounted ...](#)

Feb 11, 2025 · Conclusion: GSL Energy's deployment of advanced 14.34 kWh floor-mounted lithium iron phosphate energy storage systems in Jamaica is a testament to its commitment to ...

[JPS spending US\\$300m on renewable energy ...](#)

May 9, 2025 · Power utility Jamaica Public Service Company, JPS, is investing US\$300 million to construct Jamaica's largest solar power plant ...

[Jamaica Energy Storage Group Establishment Plan](#)

How can battery energy storage help Jamaica? Battery energy storage systems (BESS) are now emerging as a cornerstone technology to address these challenges--helping Jamaica stabilize ...

[JPS Electric Mobility](#)

JPS Charge 'n Go Public Charging Network When there was still only a handful of electric vehicles on the island, JPS piloted the installation of public EV charging infrastructure. Since ...

[More EV charging stations coming](#)

Mar 13, 2025 · MONTEGO BAY, St James -- The Jamaica Public Service Company (JPS) and Evergo Jamaica, which operates a network of electric vehicle (EV) charging stations, are ...
