

# Kuala Lumpur solar Glass

## Overview

---

Will Malaysian Sheet glass supply TCO glass for solar panels?

A float line at the Johor Bahru factory of NSG's Malaysian Sheet Glass will install online coating capacity soon and start shipping TCO glass for solar panel manufacture after the facility is in operation. It is anticipated that the supply from the converted line will commence in March 2024.

Who are the best solar companies in Malaysia?

As one of the best solar companies in Malaysia, Progressture Solar is proud to offer a variety of green technology financing solutions alongside top-notch solar PV operations, maintenance, and after-sales support. The safety of our clients and employees is at the core of our company values.

When will TCO glass be made in Malaysia?

NSG Group is pleased to announce the warm up of a newly converted TCO (transparent conductive oxide) facility in Malaysia. In this investment, an existing float line at the Johor Bahru factory of Malaysian Sheet Glass SDN BHD, a member of NSG Group, has been converted to begin producing TCO glass from December 2023.

Where is first solar glass made?

In order to meet the growing global demand for solar panels manufactured by First Solar, NSG Group started operation of the second dedicated float line for solar glass in Vietnam in January 2020, and a new plant in Luckey, Ohio, USA has been operating since November 2020. The glass produced in these plants is exclusively supplied to First Solar.
