

Kyiv generator container

Overview

What is a containerised generator?

Our Containerised Generators deliver robust, high-capacity power from 300–3,000 kVA in secure, weather-resistant enclosures. Designed for challenging environments and critical applications, they offer noise reduction, easy transport, and bespoke configuration to meet your site's exact needs.

What is a Tier 4 containerized generator?

Our Tier 4 containerized generators are high-powered —500 kW to 1250 kW— units packaged in 30-foot or 48-foot ISO containers.

Where can I rent a generator?

Novarent.ua offers a range of generator rentals to provide reliable power solutions for your events, job sites, or emergencies. Rent a generator today.

What is a QEP portable generator?

The QEP portable generator is perfect for rental use or larger work sites where the power needs to be shared. Looking for rental solutions?

The extended safety features of the QEP R minimize the risk of damage to the generator through misuse. Other safety features include an onboard differential circuit breaker.
