

# Laos container solar charging

## Overview

---

Can I use a charger in Laos?

Chargers for iPhones, Android phones and other smartphones or cell phones are usually dual voltage, so you can use them all over the world. However, it is possible you'll need an adapter to plug the charger into a Laos outlet. Laos uses electrical outlets and power plugs of types A, B, C, E & F (see images).

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.

What is LZY solar storage?

LZY offers large, compact, transportable, and rapidly deployable solar storage containers for reliable energy anywhere.

Why should you choose a solar storage container?

Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy. Lower energy/maintenance costs ensure operational savings.
