

# **Long-lasting intelligent photovoltaic energy storage containers for Latin American tourist attractions**

## Overview

---

Is Quillagua the largest solar-plus-storage site in Latin America?

Commercial operation of the power purchase agreement-backed site - which features 221 MW of solar generation capacity and a 200 MW/1.2 GWh battery energy storage system (BESS) - is expected within weeks. The developer says Quillagua is the largest solar-plus-storage site in Latin America.

What is LZY solar storage?

LZY offers large, compact, transportable, and rapidly deployable solar storage containers for reliable energy anywhere.

Why should you choose a solar storage container?

Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy. Lower energy/maintenance costs ensure operational savings.
