

Macedonia Wind Power Storage Configuration Company

Overview

Why is Alcazar energy launching a wind farm in North Macedonia?

Daniel Calderon, Co-Founder and Managing Partner of Alcazar Energy, said: “We are thrilled to launch a major wind farm project in the Western Balkans, providing North Macedonia with clean, affordable electricity and creating local jobs. Alcazar Energy sees North Macedonia as a promising investment location for renewable energy.

Is North Macedonia ready for Energy Independence?

Hristijan Mickoski, Prime Minister of North Macedonia, stated: “We are standing ahead of the largest investment in renewable energy sources that we ever had. This investment marks the beginning of the government’s policy to create energy independence for Macedonia.

What is wind power in North Macedonia?

tility-scale and rooftop PV. WIND POWER Wind energy in North Macedonia is at an earlier stage but is poised for expansion. The country’s first wind farm, the 36.8 MW Bogdanci Park (1 turbines), was built by ESM in 2014¹⁵. For nearly a decade, Bogdanci remained the sole wind project—wind cap.

How will North Macedonia help reduce energy shortages?

Due to North Macedonia’s grid connections with Greece, Bulgaria, Serbia and Kosovo, the project will help to both reduce energy shortages and support the transition to renewable energy in the Western Balkans and Southeast Europe. Daniel Calderon, Co-Founder and Managing Partner of Alcazar Energy, said:
