

Mbabane Off-Grid Solar Container AC Direct Sales Manufacturer

Overview

What are solarepc containers?

The containers are fully integrated plug-and-play off-grid systems with many advantages. SolarEPC container solutions offer the quick installation of a modular, off-grid, solar power system. These mobile systems are ideally suited for remote locations, rural electrification and temporary installations.

What are VAC solar containerised solutions?

The VAC Solar containerised solutions include the required high voltage inverters, LiFePO4 batteries and MCCs (Motor Control Centres) complete with the AC and DC switch gear and protection i.e. circuit breakers, change over switches, fuse protection and SPDs (surge protection devices).

Does solar complete operate off-grid?

We operate totally off-grid with an Eskom connection, literally only as backup. The system supplied by Solar Complete is working 100% as expected!" "I contracted Solar Complete to install a system at my home. The solution was installed in two days. It is producing the electricity I expected.

Who are VAC solar?

VAC Solar specialise in the design, development and construction of containerised solar PV plants. The deployment of containerised PV plants is a fast and convenient method of deploying a new system in remote locations where brick and mortar buildings are not available.
