Overview

Does Norway have a tax on electricity?

All counties in Norway have the same tax rate for the consumption of electricity, apart from some parts of Troms and the whole of Finnmark, which are exempt. The Enova tax was 1 øre/kWh in 2021 and is the same for all households throughout the country. VAT is added after electricity price, grid rent and other taxes have been added.

Where can I find information about the hourly electricity support?

Information about the hourly electricity support is collected from NVE (the Norwegian Water Resources and Energy Directorate). Spot price: Nord Pool Spot is the marketplace for physical power contracts. On Nord Pool Spot the electricity spot price is set for Norway.

What is the source of monthly electricity consumption for households?

The source for monthly electricity consumption for households is the monthly electricity statistics in Statistics Norway. Note that the average grid rent for a specific period may change because of revisions made by one or more of the grid companies delivering grid rent data to NVE.
