

Philippines solar Glass Sun Room

Overview

Can Photovoltaic Glass be integrated into a modern high-rise?

Spain. Onyx Solar provided its amorphous silicon photovoltaic safety laminated glass panels for the impressive Mirax Tower in Manila, Philippines. This project demonstrates how photovoltaic glass can be seamlessly integrated into a modern high-rise, enhancing the building's overall performance while maintaining a sleek architectural aesthetic.

Why did Onyx Solar install a photovoltaic panel in the Mirax tower?

The use of Onyx Solar's technology in the Mirax Tower aligns with the growing demand for sustainable, energy-efficient solutions in the Philippines' rapidly urbanizing landscape. The photovoltaic glass panels were selected for their ability to meet the specific environmental challenges of Manila's tropical climate.

What are photovoltaic glass panels?

The photovoltaic glass panels were selected for their ability to meet the specific environmental challenges of Manila's tropical climate. In addition to providing energy generation, the glass panels contribute to reducing reliance on artificial lighting and cooling systems, enhancing overall energy efficiency.

What kind of solar energy system is used in a container home?

Powered by 6KW Hybrid-Off-grid Solar Energy System. Note : The design can be customized to your ideal requirements. Ships 2025-04. 1 x 20 Footer, 27 sqm Solar Container Home. WPC Open Porch, Bed, Sofa, Mini Coffee Table and Bathroom, lightings and air-condition. Powered by 3K Solar Energy System.
