What is a good power station?

A power station that's no bigger than a basketball and ideal for road trips. It's small enough to seatbelt into a spare seat or put in the trunk with the rest of your camping gear. A great power station for those who want to charge their laptop when out and about. It's small, lightweight, can be charged using USB-C, and is highly portable.

How much does a portable power station cost?

Outputs Portable power stations can get expensive, but this model from Bluetti is a fantastic budget-friendly option, currently retailing for \$330. Despite its lower price, it's a powerful unit capable of delivering 1,000W output for regular loads and up to 2,000W for resistive loads like heaters or hair dryers.

Is Jackery a good portable power station?

Jackery has been a trusted name in the portable power station industry for over a decade, and after testing many of the company's products, I can confidently recommend them. The Jackery Explorer 500 is an excellent choice for road trips where you need reliable AC power.
