

Power circuit breaker factory in Italy

Overview

Will Hitachi energy install Italy's first 420 kilovolt sf6-free circuit breaker?

Hitachi Energy will collaborate with Tirreno Power to install Italy's first eco-efficient 420-kilovolt (kV) SF₆-free circuit-breaker. Manufactured in Italy, the groundbreaking equipment made at Hitachi Energy's factory in Lodi is set to be installed in 2025.

Who makes ITE-compatible circuit breakers?

The Asea Brown Boveri company also makes some ITE-compatible circuit breakers. After all, the company that owned ITE before Siemens, Gould, eventually sold a majority share of the company to the Swiss-based ABB. Their ITE-compatible circuit breakers are larger and designed for industrial power systems.

What is the Infinitus breaker?

The Infinitus is the world first IEC solid-state circuit breaker that enables renewable energy and energy storage systems to be connected using direct current, a high-efficiency alternative to conventional alternating current distribution.

What is econiq breaker technology?

For Hitachi Energy, this is the very first frame agreement globally for its EconiQ eco-efficient breaker technology. Hitachi Energy today announces it will deliver the world's first sulfur hexafluoride (SF₆)-free 550 kV gas-insulated switchgear (GIS) to the Central China Branch of the State Grid Corporation of China (SGCC).
