

# **Power of solar power generation system of Brunei solar container communication station**

## Overview

---

What are the major solar installations in Brunei?

Major active solar installations in Brunei include the country's first, Tenaga Suria Brunei, launched in 2010 with a capacity of 1.2 MWp, and Brunei Shell Petroleum's 3.3 MWp solar plant, launched in 2021 to supply power to its headquarters. Both plants have plans for further expansion.

Who owns the solar plant in Brunei?

The solar plant in Brunei is currently operated and maintained by BSP. Agnete Johnsgaard-Lewis, BSP Managing Director and Shell Country Chair in Brunei, shared this information.

How many kWh will solarvest generate in Brunei?

It is expected to generate 64,473,000 kWh once it starts commercial operations, which will be supplied under a 25-year power purchase agreement (PPA) with the Government of Brunei, represented by the Department of Electrical Services. Solarvest says the project will be built for an estimated BND 34 million (\$26.46 million).

What is Malaysia's largest solar project?

Malaysia-headquartered clean energy infrastructure company Solarvest Holdings Berhad has announced a contract to build a 30 MW AC solar power plant in Brunei, calling it the country's largest national solar project. It will be located in a remediated landfill in Kampong Belimbing, Mukim Kota Batu, on 33.29 hectares of land.
