

Prague Power Company 5G base station

Overview

Is this Europe's first private 5G mobile phone network?

Mobile phone giant Vodafone and Czech nuclear operator ČEZ have introduced what they say is Europe's first private 5G mobile phone network at a nuclear power plant.

Where is Vodafone launching a 5G mobile private network?

Vodafone has launched a 5G mobile private network (MPN) at Temelín Nuclear Power Plant in Czechia – the first of its kind in Europe – for the power generation conglomerate ČEZ Group. As part of a pilot phase, Vodafone's 5G MPN covers the power plant's outdoor space, as well as selected areas of a production unit.

Which MNOs have 5G coverage in Prague?

The three MNOs, in cooperation with the Prague Public Transit Company (DPP) and CETIN, have also deployed 5G coverage in all stations across the Prague metro network. Each MNO has a coverage map available on its website.

Does Czech Republic have a 5G network?

The public 5G networks in the Czech Republic currently operate on a non-standalone (NSA) 5G architecture, which is built on top of the existing 4G LTE infrastructure. To date, standalone (SA) 5G networks have been deployed primarily as private "campus" solutions.
