

Pretoria Mobile Outdoor Power Plant

Overview

Which power stations will be leased in Rooiwal & Pretoria West?

The above-listed interventions, in part, rely on the two existing power stations for which the City is licenced to generate power, namely Rooiwal Power Station and Pretoria West Power Station. Last week, Council approved a public participation report for the proposed lease of the power stations and approved a lease period of 40 years.

Who owns Pretoria West power station?

Unit-level coordinates (WGS 84): This ownership tree is part of the Global Energy Ownership Tracker, a project of Global Energy Monitor. Pretoria West power station is a coal-fired power plant with a total capacity of 180 MW. The plant was built in 1952, and is owned by Tshwane Electricity Division.

Where is Pretoria West coal power station South Africa located?

Pretoria West Coal Power Station South Africa is located at Pretoria, Gutang, SA. Location coordinates are: Latitude= -25.75839, Longitude= 28.14667. This infrastructure is of TYPE Coal Power Plant with a design capacity of 180 MWe. It has 6 unit (s). The first unit was commissioned in 1952 and the last in 1952.

Could Pretoria West be converted into a waste-to-energy plant?

The plan to convert the Pretoria West power station into a waste-to-energy plant is interesting. These power plants incinerate non-recyclable waste, often municipal solid waste, to generate heat. The heat produced is then used to generate steam, which, in turn, drives a turbine connected to a generator to produce electricity.
