

Price quote for 20-foot collapsible containers at Indian ports

Overview

How to ship a 20 ft container to India?

Shipping a 20 ft container to India involves several crucial factors that influence the overall cost and duration of transit. Key considerations include the distance between the origin and destination, the choice between FCL and LCL shipping, the nature of the goods being shipped, and the selected shipping route.

How much does it cost to ship a container to India?

The cost of transporting a shipping container from the United States to India varies significantly depending on factors like the port of departure, container size, and shipping service chosen. On average, the price for shipping a container from the U.S. to India typically ranges from \$2,730 to \$4,850 USD.

What types of shipping containers are available in India?

Many different kinds of shipping containers are available in India, including: Standard dry containers. The most common type of container is often used for ordinary Indian container shipping.

Are 40' containers more expensive than 20' containers?

The prices of 40' containers aren't necessarily twice that of 20' containers. Hence, for clarity, it is crucial to mention the costs of the two container types separately. GoComet offers a free freight rate comparison tool that shows the lowest international shipping prices offered by vendors for a selected port pair.
