

Pristina energy storage container export declaration

Overview

What happens when goods are presented at the customs office of exit?

Subsequently, the goods are presented at the customs office of exit which examines the goods presented based on the information received from the customs office of export and makes sure that they correspond to those declared and supervises their physical departure (Article 332 UCC IA).

What is export declaration & export license?

1) Export declaration First the exporter/declarant presents the goods, his export declaration and, where necessary, his export license at the customs office responsible for the place where he is established or where the goods are packed or loaded for export (Article 221 (2) UCC Implementing Act).

How much does it cost to get help with an export declaration?

The cost of getting help with your export declaration can vary, depending on several factors. For example, due to the value of the goods, type of goods, destination, as well as any special requirements or additional services that may be needed for your particular export. To get an exact price quote, contact a customs agent.

What is an export declaration?

An export declaration is not just an administrative form — it also plays an important role in maintaining trade statistics, monitoring the flow of goods and ensuring effective customs controls. In addition, it can serve as evidence in case of any disputes or misunderstandings between seller and buyer. Learn more about the basics of exporting.
