

# Silent container generator set

## Overview

---

What is a silent generator?

A silent generator is one of the short-term solutions to provide silent and efficient on-board power. One such silent generator is the freepiston Stirling engine, named after its inventor, Robert Stirling.

What is a silent container?

The silent container is made by high performance and anti-ageing, flame retarding, sound insulation and damping materials, with unique and elaborate design for air intake, outlet and noise reduction device. Optional parts: auto fuel feed pump (or control valve), cooling liquid feed pump, dual oil-water separator, auto parallel system, etc.
