

Slovenia New Energy Base Station

Overview

Is there a second nuclear power station in Slovenia?

Slovenia's infrastructure ministry has issued the Energy permit for the construction of a second unit at Krško, Slovenia's only nuclear power station, a step that allows permitting procedures to begin.

Which power stations are in Slovenia?

From Wikipedia, the free encyclopedia The following page lists all power stations in Slovenia. Nuclear[edit] Name Location Coordinates Type Capacity, MWe District heating Operational Manufacturer Notes Krško Nuclear Power Plant Krško 45°56′18″N 15°30′56″E﻿ / ﻿45.9382023; 15.5154258﻿ (Krško Nuclear Pow PWR 696 MW)

Which generating station does Gen operate in Slovenia?

GEN operates the nuclear generating station in Krško (NEK), the thermal generating station in Brestanica, and two hydro generating stations on the river Sava. 2.1.4 NEK, the only nuclear generating plant in the country, produces 24.2% of all electricity generated in Slovenia.

How many hydropower plants will Slovenia have by 2045?

Another pumped storage hydropower plant is seen by 2045. It would be able to generate 180 MW and store 2.6 GWh. The Integrated National Energy and Climate Plan envisages an overall 500 MW in gas power plants in Slovenia by the end of the decade.
