

Solar cell modules in Mumbai India

Overview

Who manufactures solar cells in India?

RenewSys is a fully integrated solar cell India manufacturer. The company manufactures ingots, wafers, cells, and modules. The company's plant near Bengaluru produces up to 1 GW annually. In early 2025, it launched a new high-efficiency module line of 20 MW. The organisation exports panels to Europe, Africa, and Latin America.

Who is a top tier solar cell manufacturer in India?

It boasts the SDA (Solar Data Analytics) centre and operates a 500 MW module line. The company is recognised as a top-tier solar cell India manufacturer with strong R&D credentials. The organisation supplied modules worth ₹1,200 crore to its group and external clients in 2024.

Why should you choose a solar cell manufacturer in India?

Many utility-scale solar cell manufacturers now assign technical teams to EPC contractors. It helps with module layout, string planning, and logistics. For homeowners, the right solar cell India manufacturer gives peace of mind. Most people invest in solar once and expect it to last for decades.

Where are India's solar companies based?

Part of the Enpee Group and headquartered in Mumbai, the company operates manufacturing facilities in Bengaluru, Hyderabad and Patalganga. These Mumbai-based solar companies are fueling the industry's accelerated growth as India sets the pace to becoming the world's second-largest photovoltaic manufacturer.
