

# **Solar energy storage equipment for household use 5 kWh**

## Overview

---

Does Sungrow have a battery energy storage system?

Chinese power electronics and battery storage heavyweight Sungrow, which is best known for its utility-scale products and system integration, has released a new residential battery energy storage system (BESS). The 5.12 kWh lithium iron phosphate (LFP) system comes with a compact 182 mm design.

What is China's new residential battery energy storage system?

The Chinese manufacturer's new residential battery energy storage system features a compact 182 mm design and is capable of handling a maximum charge/discharge current of 50 A.

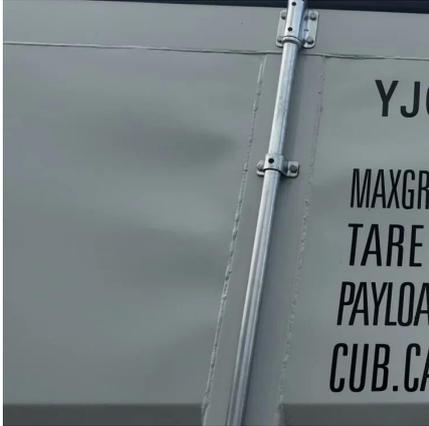

What is the capacity of Sungrow sbs050 inverter?

The 5.12 kWh lithium iron phosphate (LFP) system comes with a compact 182 mm design. It allows for expansion from one to four units in parallel, providing a maximum capacity of 20.48 kWh. The SBS050 system is paired with Sungrow's SHRS-20 inverter series and capable of handling a charge/discharge current of up to 50 A.
