

# **Solar module panels produced in Thimphu**

## Overview

---

Where are solar panels installed in Thimphu?

The project included the installation of Rooftop Solar PV at Centenary Farmer's Market (CFM) and Ground Mounted Solar Panels at Dechencholing in Thimphu. The first phase of the project completed in May-June, last year.

Who is the chief guest of Bhutan Solar Initiative project (BSIP)?

The Prime Minister Dasho Dr Lotay Tshering was the Chief Guest. Bhutan Solar Initiative Project (BSIP) set up under Royal Command has implemented two Solar PV Projects in Thimphu. 250kW Rooftop Centenary Farmers Market (CMF) and 500kW Ground mounted at Dechencholing.

How much electricity is generated at Dechencholing Pema Dechen/Thimphu?

The Dechencholing plant is expected to generate an annual electricity of 835,000 Units (kWhr) and a revenue of Nu 3.8 million. The panels cover a ground area of 1.2 acres. Soon the solar project is going to have a second phase. 500KW ground-mounted and grid-tied Solar PV project at Dechencholing Pema Dechen/Thimphu.

What is Bhutan Solar Initiative project (BSIP)?

Bhutan Solar Initiative Project (BSIP) aims towards achieving a sustainable energy supply for Bhutan through alternative renewable energy sources of solar grid integration. About 60 De-suups have been actively involved in this six-month long project and have gained practical knowledge of installing solar PV systems through hands-on experience.
