

Solar panel manufacturers installed in South Tarawa

Overview

Where can solar panels be installed in South Australia?

Solar panels can be seen on the rooftops of homes just about everywhere you look in South Australia - SA's residents are very switched on to the savings that installing PV can bring.

Is Kiribati launching a solar PV project?

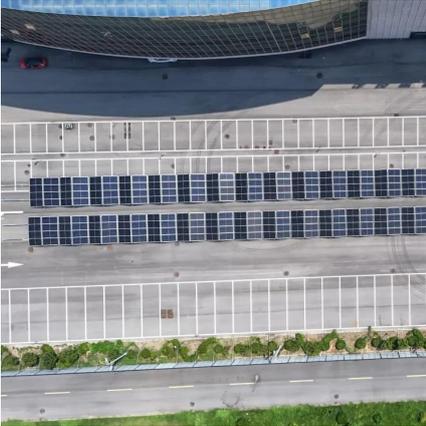

The Oceania located nation of Kiribati has started construction on the country's largest solar PV project that's backed by the Asian Development Bank and the Government of New Zealand. It will be accompanied by a battery energy storage system (BESS). The 7.5 MW South Tarawa Renewable Energy Project (STREP) is located on the Bonriki water reserve.

Who financed the South Tarawa water supply project?

Supported by the bank and co-financed by the Kiwi government, the project's solar and BESS components were procured under the ADB's South Tarawa Water Supply Project co-financed by the World Bank and the Green Climate Fund.
