

Solar powered portable outlet in Canberra

Overview

Is Canberra a good place to install solar panels?

Canberra averages around 2,600 sunshine hours every year (Source: Bureau of Meteorology), making it perfect for solar power. Rising energy costs mean solar panels help you lock in your own savings. Meta Electrical is your local Clean Energy Council Accredited Installer. We help you cut your bills and keep your energy local.

Does solarhub Canberra offer a complete solar and battery system?

I recently had a complete solar and battery system installed by SolarHub Canberra (20.68kW solar capacity, 48kWh SigenStore battery stack, 30kW Sigenenergy inverter with full-home backup) and couldn't be happier with the experience. Tom Steer, the sales manager, was.

Do you need an off-grid solar system in Canberra?

One of the biggest advantages of having an off-grid solar system in Canberra, ACT is reduced energy costs, as rural consumers are often asked by utility providers to pay excessive grid connection fees. If your building can't connect to the local power grid, an off-grid system is exactly what you need.
