

Solar tile assembly

Overview

What makes clenergy tile roof solar mounting system a good choice?

□High Quality Materials□Clenergy tile roof solar mounting system features high-quality stainless steel roof hooks which are suitable for most types of tiled roofs, making the solar panel mounting on tile roof more durable.

What are solar tiles?

Solar tiles are roofing materials that can produce energy directly from sunlight. Solar tiles are integrated into the roof itself and function as both a roofing substance and a source of energy, as opposed to conventional solar panels, which are mounted on top of an existing roof.

What is Chiko solar tile roof mounting system?

The Chiko Solar tile roof mounting system is designed as a modular unit assembly system with quality materials. Which enables an installer to install any module in almost any mounting situation or configuration. The components are easy to install and used for variety of tile roof types.

What is the warranty on a tile roof solar mounting system?

□12-25 Years Product Warranty□As part of the PV-ezRack® range, this tile roof solar mounting system comes with a 12- 25 years product warranty. Our versatile rail, Z-module and splice kit eliminates the need for onsite cutting, making SolarRoof™ a safe and cost effective solar panel mounting brackets for tile roof.
