

St Johns Solar Container Long-Term Procurement

Overview

How does STS support solar & storage development in Asia?

STS supports solar and storage developers' procurement efforts in Asia through supplier assessment & qualification, inspection and quality control, and technical advisory services.

How does STS contribute to QC implementation during module procurement?

STS contributes to buyer's effective QC implementation during module procurement by setting up the first and most widely-used industry standard for PV modules manufacturing & dispatch. STS is the first company ISO17020:2012 accredited for PV modules pre-shipment inspection, the highest qualification level of inspection bodies.

Who is STS solar?

STS is the first company ISO17020:2012 accredited for PV modules pre-shipment inspection, the highest qualification level of inspection bodies. Established in 2010 by a team of seasoned French solar industry veterans, STS is the result of our passion to advance sustainability progress, and our relentless drive to solve our client's challenges.
