

The entire industry chain of new energy storage

Overview

What is China's new energy storage plan?

The plan said that the new-energy storage industry is a key source of support for advancing the construction of a manufacturing powerhouse and promoting the efficient development and utilization of new-energy resources. By 2027, China aims to cultivate three to five leading enterprises in the ecosystem.

How will China's new-energy storage industry grow by 2027?

Photo: VCG China has unveiled an action plan to boost full-chain development of the new-energy storage manufacturing industry, aiming to expand leading enterprises by 2027, enhance innovation and competitiveness, and achieve high-end, intelligent and green industry growth.

How can China improve the value chain of new-energy storage manufacturing?

To enhance support for the value chain of relevant manufacturing enterprises and foster a service-oriented manufacturing model, China seeks to drive the extensive adoption of next-generation information technologies, including blockchain, big data, artificial intelligence and 5G, within the new-energy storage manufacturing sector, the plan said.

Is China entering a new era of energy storage demand?

Mainland China accounts for most of the global energy storage demand, driven in the near term by regional requirements for new utility-scale wind and solar projects to include energy storage capacity. However, the Chinese market is entering an era of change.

The entire industry chain of new energy storage

[New energy storage key to spur economy](#)

May 6, 2025 · Bian said the administration will further promote the orderly development of new energy storage technology, while vigorously supporting technological innovation, continuing to ...

[Global Energy Storage Growth Upheld by New Markets](#)

Jun 18, 2025 · The global energy storage market is poised to hit new heights yet again in 2025. Despite policy changes and uncertainty in the world's two largest markets, the US and China, ...

Energy Storage Industry In The Next Decade: Technological ...

Mar 13, 2025 · Introduction Driven by the global energy transformation and carbon neutrality goals, the energy storage industry is experiencing explosive growth, but it is also facing ...

China unveils measures to bolster new-type energy storage ...

Feb 17, 2025 · Chinese authorities unveiled several measures on Monday to promote the new-type energy storage manufacturing sector, as part of efforts to accelerate the development of ...

[New energy storage key to spur economy](#)

May 7, 2025 · According to an action plan jointly issued by the Ministry of Industry and Information Technology and seven other government departments, the new-type energy storage ...

[New energy storage key to spur economy](#)

May 6, 2025 · Bian said the administration will further promote the orderly development of new energy storage technology, while vigorously ...

Year-End Review 2025 , Chen Haisheng: China's New-Type Energy Storage

1 day ago · China's nationwide installed capacity of new-type energy storage has exceeded 100 GW, more than 30 times the level at the end of the 13th Five-Year Plan period.

[New Energy Storage Technologies Empower Energy ...](#)

Nov 15, 2025 · Note: Energy storage related enterprises in this report include those engaged in related areas across the whole industry chain, covering energy storage systems and ...

Analysis of the development model and path of the new energy storage

In this model, the emphasis is on explaining the whole process of safety technology innovation path under platform empowerment, the platform driven "energy storage + security" industrial ...

Global Energy Storage Surges as Tesla and Chinese Titans ...

Dec 6, 2025 · Global energy storage system (ESS) shipments soared to a record 286 GWh in 2025, with industry heavyweights like Tesla and leading Chinese manufacturers such as BYD ...

China to boost new-energy storage manufacturing industry, ...

Feb 17, 2025 · China has unveiled an action plan to boost full-chain development of the new-energy storage manufacturing industry, aiming to expand leading enterprises by 2027, ...

[China to boost new-energy storage ...](#)

Feb 17, 2025 · China has unveiled an action plan to boost full-chain development of the new-energy storage manufacturing industry, aiming to ...
