

Trading Terms for 80kWh Foldable Containers for Oil Platforms

Overview

What is an offshore certified container?

Whether used as accommodations to house the offshore crew, just to transport items from A to B, or fully customized to meet the exacting requirements of a specific job, offshore certified containers have proven to be a perfect space solution for offshore platforms, ships or barges.

Who is Ela container offshore?

ELA Container Offshore is an ISO 9001:2015 and ISO 45001:2023 certified company. Depending on their area of use and purpose, the high-quality containers are certified according to ISO 10855 / EN 12079-1 / DNV2.7-1, DNV 2.7-2, DNV 2.7-3 and/or CSC. ELA Container Offshore supplies container modules especially designed for the offshore industry.

Why should you choose Ela container offshore?

Can be used to transport and/or store bulk goods. ELA's portable units are completely reusable over multiple decades. Since the products can be refurbished and reused, the product lifecycle is fully sustainable and the negative impact on the environment is minimized. ELA Container Offshore is an ISO 9001:2015 and ISO 45001:2023 certified company.

Are floating platforms better than fixed platforms?

On the other hand, floating platforms have the advantage of requiring no infrastructure and less work offshore, so that the construction period leading up to oil extraction is shorter and therefore they are more economical than fixed platforms.
