

Türkiye Solar Street Lights

Overview

Where is gatek lighting made?

Gatek lighting manufactures Turkish made LED street lighting fixtures, LED park garden, LED floodlight, LED high ceiling, LED canopy, LED suspended ceiling, LED clip, LED surface mounted, LED linear, LED drywall, LED downlight and solar, manufactured in its factory in Manisa.

What is the power range of led road & street luminaires?

LED road and street luminaires are manufactured in 40 to 200 W power range. Our products have IP66, CE and TSE certificates. Min 125 LM / W works with efficiency. The road luminaires we export to many countries are in compliance with EN13301 road lighting standards. Some of the companies that prefer us are listed below.

What are led surface mount indoor lights?

LED surface mount indoor lights are designed to provide a consistent level of illumination across a wide area, allowing for better visibility and safety. In order to achieve this effect, LEDs are mounted directly onto the ceiling or wall of a space.
