

UAE Dubai foreign trade export energy storage products

Overview

What is the UAE export development policy?

The UAE Export Development Policy seeks to increase the UAE's exports and open new international markets with the aim of supporting the country's foreign trade and increasing the participation of non-oil sectors in the GDP.

What is the UAE foreign trade policy?

It aims to increase the contribution of its national exports of goods and services to reach 50% of non-oil foreign trade in the coming years. The policy is a long-term vision for the UAE's foreign trade. It enables the national economy to benefit from opportunities of the economic recovery expected in 2021 and future.

Why is Middle East energy launching a 49th consecutive year in Dubai?

"The continued organization of Middle East Energy for a 49th consecutive year in Dubai reflects international confidence in the emirate as a strategic centre for conferences and exhibitions, and reinforces its role in leading the global dialogue on energy security and sustainability," stated Sheikh Ahmed.

How big is the battery market in the Middle East and Africa?

Market forecasts suggest that the Middle East and Africa battery market is projected to grow to \$9.98 billion by 2029, driven by policy support, increasing electrification, and a rise in renewable energy investments.
